

## LOADINGS AT CG

# Requirements for vehicles and driver for loadings at CG Chemikalien GmbH & Co. KG

According to legal regulations the shipper, transporter and forwarding agent are engaged to assure a transport which is secure and conforming to the law According to legal regulations.

The goods which are loaded at our company must be secured form-closed and friction-locked in order to be in compliance with the regulation for proper load securing (please see § 22 paragraph 1 road traffic regulations = Straßenverkehrsordnung (StVO) and § 23 paragraph1 StVO). The compliance of this due diligence falls to everyone, who is responsible for loading, therefore, the forwarding agent as well as the loading staff.

A loading at CG will only be done, if the following minimum requirements are fulfilled:

### Requirements vehicle:

- Perfect technical conditions of the vehicle
- The loading area must be dry, well-swept and accessible by a forklift truck.
- Sufficient number of loading securing material in technically perfect and inspected conditions (slip-resistant mattings, rejection beams, tension boards, webbing load restraint assemblies, corner protector, empty pallets)
- Sufficient and appropriate lashing points
- When the vehicle is loaded, it must be ensured that the payload can be loaded with a form fit. The driver must have all securing materials for the loading assurance.
- ADR-transports are generally carried out WITHOUT the use of release according to ADR 1.1.3.6, therefore it is mandatory to identify the cargo accordingly.
- ADR-safety equipment for vehicles
- Cooling trucks only, if sufficient and appropriate lashing points are available

## Requirements for driver:

- Photo identification, for ADR-transports driver's license AND valid ADR-license
- For ADR-transport, protective equipment for the crew according to the written instructions (accident procedures sheet)
- Safety shoes / safety clothing
- The driver needs to reconsider the necessary hygienic measures for the handling of loadings of products with food / feed / or pharma status (HACCP-concept).
- Using the phone is strictly prohibited on the company's premises. Mobile phones must be switched off permanently.
- Taking photographs and videotaping is explicitly prohibited on the company's premises.

Driver/vehicles, who / which do not fulfill the a. m. requirements, will not be loaded.

We reserve the right to pass on the charges to the responsible person, for non-observance of these minimum requirements.
